**Ex. 4 - CBI**

You may or may not have the attached version (apparently the most recent) of the SAP. If you do .... sorry for sending it again. If not...sorry for not getting it to you earlier. From all your e-mails - looks like you are keeping busy (as usual) with the project levels reviews. Just a heads-up - I plan to ask Scott for an update tomorrow on where we stand with the week 3 data.

Thanks again for all your help!!! - Kelley

Rupert,  
Attached is the SAP (Rev01). Comments provided from Ft. Meade have been addressed in this SAP. Please let me know if you approve of this SAP, or if there are any additional changes which need to be made. Additionally, please let me know if you need a SAP (Rev02) to cover next week's sampling.

Thanks,

Suddha Graves

I would like Rupert and Kelley to weigh in on that question. For now, get me what you have been using. (if you can get the Ft. Meade comments addressed, that's fine.) I need something today....that represents our current plan.

thanks

I had forwarded it to our chemist/lab coordinator to address the comments from Ft. Meade. I just checked with him and we should be able to get you the revised plan today. Also in regards to the proposed analytical changes for the March sampling...do you want another revised SAP to reflect the changes?

Thanks,

Suddha Graves

Suddha,

I have been asked to post the final SAP on the EPA web page. I am not absolutely certain that I have the latest. So. could you send me a PDF of the latest?

thanks.

Rich
